

CALTRANS CONSTRUCTION BULLETIN

March 27, 2002

Starting tonight construction crews will place temporary bridge supports (falsework) over Broadway, from 11 p.m. to 5 a.m., for about two weeks (weather permitting).

A temporary road closure of Broadway will be in place from the intersection of Sweetwater Road and Broadway to 200 feet east of SunBridge Care and Rehabilitation Center. Flaggers will assist motorists through the closure.

Access to your homes has been temporarily changed, as portions of the falsework have been placed in the median. The concrete barriers are needed to protect the falsework and create a safe work area for construction crews.

Motorist exiting Broadway Lane will be directed to make a **right turn only**, on Broadway. Motorist travelling to Broadway Lane will be asked to enter only from eastbound Broadway. The work will take approximately eight months to complete.

Your patience in this matter will be greatly appreciated during the course of the work. If you have any questions, please contact Edward Cartagena, Construction Information Officer at 619/688-2556 or the Caltrans Public Information Office at 619/688-6670.
